

ECO CPU HOLDER

Enhance workplace connectivity and performance

Why should you use a CPU Holder?

- ✓ Helps with cable management and desk organisation
- ✓ Space saver gets the CPU under the desk, out of the way
- ✓ Allows you to access ports by swivelling the CPU around
- ✓ Protects the CPU from dust and damage from bumps/spills
- ✓ Use with a sit to stand desk so the CPU and cabling travel with the desk

FEATURES AND BENEFITS

The CS29 Eco CPU Holder is an economical solution for keeping the CPU free from damage, yet allowing a full range of movement.

The Eco CPU Holder offers a simple installation technique and is versatile enough to fit a range of CPU sizes.

Made from high quality aluminium for improved lifetime longevity, the Eco CPU Holder features simple adjustment for either height or width movement and a 360 degree rotate with slide feature.
